

Software Analyst

Mission Statement

Blending cutting-edge technologies, unique skill sets and proven cyber counterintelligence strategies, SpearTip partners with our clients to protect shareholder value, shield corporate reputations and enhance long-term profits. We are driven to protect our clients from the ever-changing threat actors and become the gold standard in detecting zero-day vulnerabilities.

We are driven by our core values: tenacious, consistent, decisive, continuous learning, accountable and collaborative. These values define our culture, and we strive to employ technical experts who have the right character, attitude, and motivation necessary to deliver exceptional service to our clients. We are looking for new talent in the St Louis area to be a part of our growing team!

Job Description

SpearTip is looking for a motivated, collaborative individual to join our DevOps team. As a member of DevOps, you will be working with a team to create, manage, and maintain infrastructure and tools for SpearTip, as well as assisting other teams with issues pertaining to our suite of software. This includes, but is not limited to, testing and pushing new applications, maintaining an open line of communication between the DevOps and Operations teams, actively participating in team meetings, and troubleshooting issues that have been reported by the Operations team.

Responsibilities

- Create and maintain SpearTip infrastructure
- Create and maintain SpearTip tools sets
- Develop documentation for SpearTip Tool sets
- Maintain an open line of communication between DevOps and Operations teams
- Troubleshoot and report software bugs
- Perform infrastructure monitoring, upgrades, troubleshooting and maintenance
- Develop and build into SpearTip's Infrastructure Automation
- Maintain and update working projects in the DevOps RoadMap
- Prepare company hardware for new Operations/DevOps employees
- Push new applications
- Actively participate in team meetings
- Pursue continued technical education/certifications (at SpearTip's expense)
- Other duties as assigned

Required Qualifications

We consider a candidate's character, experience, potential, and desire to learn. For a strong candidate, we offer training and company-paid certifications to fill knowledge gaps.

- Minimum 2 years of information technology education and/or DevOps experience
- Knowledge of both Windows, and Linux OS

- Proficient with AT LEAST one of each of the following:
 - Python, GO or C#
 - Bash or Powershell
 - Puppet, Chef, or Ansible
 - Jira, Basecamp or Zepel
 - VSCode, Atom or Sublime
 - MSSQL, MYSQL, or Postgres
 - Docker, Kubernetes, or Vagrant
 - AWS, Azure Cloud or Google Cloud
- Git and Terminal proficiency
- Independent problem-solving skills
- Strong written and oral communication skills
- Ability to work onsite in St Louis
- Eligible to work in the United States without sponsorship
- Security clearance eligibility

DESIRED QUALIFICATIONS

- Computer Science, Cybersecurity, or Information Systems Bachelor's degree or equivalent
- ELK Stack
- NodeJS, VueJS or Flask
- Professional experience in a Development or IT Operations role
- Knowledge of incident handling procedures
- Experience with security technologies (SIEM, EDR, Antivirus)
- Security+ Certification

Additional:

At SpearTip, we strive to protect our clients 24/7, 365 days a year from the ever-evolving changes in cybersecurity. We take pride in our results and what we achieve. We recognize that life isn't all about work; we promote a culture that supports your personal goals and enriches your professional goals.

We provide excellent benefits to our team members. You could be eligible for:

- 100% employer paid health, dental and vision coverage plans for you and your family members
- 401(K) Plan with 100% employer match up to the first 5%
- Paid Time Off program and paid holidays
- Opportunities to grow and promote through employee development and employer-paid training

We want people who want to grow with us! Are you ready to stop threat actors from victimizing companies and putting your response skills to the test? Apply and find out!
