

# Incident Response Security Analyst

- St. Louis
- Full-time

## Company Description

Blending cutting-edge technologies, unique skill sets and proven cyber counterintelligence strategies, SpearTip partners with our clients to protect shareholder value, shield corporate reputations and enhance long-term profits. We are driven to protect our clients from the ever-changing threat actors and become the gold standard in detecting zero-day vulnerabilities.

We are driven by our core values: tenacious, consistent, decisive, continuous learning, accountable and collaborative. These values define our culture, and we strive to employ technical experts who have the right character, attitude, and motivation necessary to deliver exceptional service to our clients. We are looking for new talent in the St Louis area to be a part of our growing team!

## Job Description

- Assist in Data Collection, Analysis, and Report Writing - collect and document the timeline of events; collect, analyze, and validate findings
- Help conduct forensic analysis relevant to network intrusion and other cyber threats
- Oversee timely completion of engagements and appropriately communicate project status and workload to company leadership through the required channels
- Assist in triage and validate of alerts from Incident Response tools
- Maintain and cultivate working knowledge of SpearTip proprietary software and SOC utilized toolsets
- Problem-solve and exercise judgement independently and in a team setting
- Able to work after hours and/or weekends when needed due to client requirements
- Maintain current and work towards new certifications (where applicable)
- Responsibilities subject to change at the discretion of company leadership

# Qualifications

- Bachelor's Degree in Cybersecurity, Computer Science, Computer Engineering, Information Systems or related disciplines
- Knowledge of Windows OS and MacOS
- Base knowledge of the agile methodologies and frameworks for team cohesion
- Ability to clearly communicate with diverse professionals (clients, developers, engineers, and vendors)
- Work well within a structured environment yet be adaptable to quick changes
- Ability to effectively prioritize and execute tasks in a high-pressure environment
- Outstanding personal and teamwork skills
- Highly self-motivated and directed
- Excellent organization skills
- Security clearance eligibility
- Eligible to work in the United States without sponsorship

## Additional Information

At SpearTip, we strive to protect our clients 24/7, 365 days a year from the ever-evolving changes in cybersecurity. We take pride in our results and what we achieve. We recognize that life isn't all about work; we promote a culture that supports your personal goals and enriches your professional goals.

We provide excellent benefits to our team members. You could be eligible for:

- 100% employer paid health, dental and vision coverage plans for you and your family members
- 401(k) Plan with 100% employer match up to the first 5%
- 100% employer paid gym membership for employees
- Paid Time Off program and paid holidays
- Opportunities to grow and promote through employee development and employer-paid training

We want people who want to grow with us! Are you ready to stop threat actors from victimizing companies and putting your response skills to the test? Apply and find out!
