

# Advisory Services Security Analyst

- St. Louis, MO, USA
- Full-time

## Company Description

Blending cutting-edge technologies, unique skill sets and proven cyber counterintelligence strategies, SpearTip partners with our clients to protect shareholder value, shield corporate reputations and enhance long-term profits. We are driven to protect our clients from the ever-changing threat actors and become the gold standard in detecting zero-day vulnerabilities.

We are driven by our core values: tenacious, consistent, decisive, continuous learning, accountable and collaborative. These values define our culture, and we strive to employ technical experts who have the right character, attitude, and motivation necessary to deliver exceptional service to our clients. We are looking for new talent in the St Louis area to be a part of our growing team!

## Job Description

The Advisory Services Analyst position offers a tremendous degree of variety in a challenging, multi-faceted team-oriented environment. In this role, you will be assessing our partners' information technology environment utilizing the security industry's most relevant technologies. You will also be evaluating our practices, advising on best practices, and leading the implementation of changes making SpearTip the premier firm for cyber security consultation.

### Duties/Responsibilities

- Implementation and utilization of Security Information and Event Management (SIEM) technologies
- Review and analyze log files for unusual or suspect activity
- Review and validate alerts from Managed Detection and Response tools
- Engage in group collaborative projects and effectively work in a group setting
- Implement security best practice across the environment to include verbal and written policy infractions where applicable
- Research, recommend, and implement appropriate information security solutions to our clients
- Conduct threat intelligence research
- Engage in threat analysis, vulnerability identification, and provision of remediation recommendations
- Communicate/coordinate with our clients regarding findings, project updates, and project statuses
- Learn and utilize SpearTip's ShadowSpear platform
- Pursue continued technical education/certifications (at SpearTip's expense)
- Other tasks as assigned

## Qualifications

We consider a candidate's character, experience, potential, and desire to learn. For a strong candidate, we offer training and company-paid certifications to fill knowledge gaps.

**Required Qualifications:**

- Minimum 2 years of information technology education and/or experience
- Experience or knowledge of relevant security frameworks (NIST, ISO, CIS, etc)
- Industry recognized intermediate certifications preferred (Security+, Network+, CYSA)
- Knowledge of incident handling procedures, Windows, and Linux operating systems
- Independent problem-solving skills
- Strong written and oral communication skills
- Availability for short-term travel to support clients (less than 15% of time)
- Ability to work onsite in St Louis, MO
- Security clearance eligibility
- Eligible to work in the United States without sponsorship

**Desired Qualifications:**

- Computer Science, Cybersecurity, or Information Systems Bachelor's Degree or equivalent professional experience in a development or IT operations role
- Industry recognized advanced/expert certifications such as GSEC, CISSP
- Experience with security technologies (SIEM, EDR, Antivirus)
- 2 years experience in a customer-service setting
- Law enforcement and/or military background
- IT MSP background
